Add testimonials to your website with no coding!

Copy and paste our HTML code to add the Wall Of Love (👉 full version) to your website. We support any no-code platform (Webflow, WordPress, you name it!)

Testimonial

Try our sample embed code

Embed the wall of love to your website in 1 minute

```
<script type="text/javascript" src="https://testimonial.to/js/iframeResizer.r
<iframe id="testimonialto-wall-of-love-for-testimonial-light" src="https://er
<script type="text/javascript">iFrameResize({log: false, checkOrigin: false}
```

Copy the code Live demo

Collect and display testimonials all in one solution

Quick to setup

A dedicated landing page

Create a dedicated landing page for your business. Share the page link easily via email, social media, or even SMS. Setup can be done in two minutes.

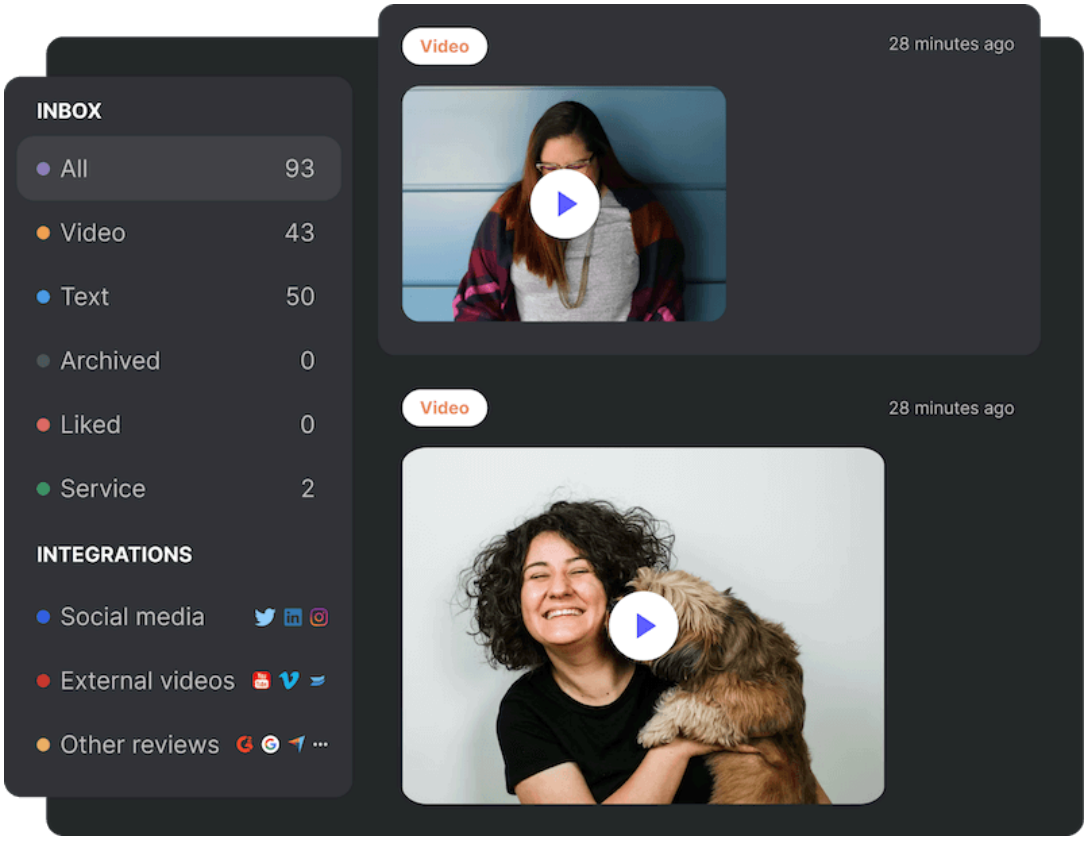
Easy to manage

A dashboard to manage all testimonials

You will have a simple & clean dashboard to manage all testimonials in one place. It's like your email inbox, but it's designed for your social proof!

Try it for free



Track the metrics

Understand how video testimonials are performing

Track the metrics from all embedded videos, help your marketing team understand the performance at a glance, even promote the best-performing videos to different marketing channels.

* Available in the Ultimate plan

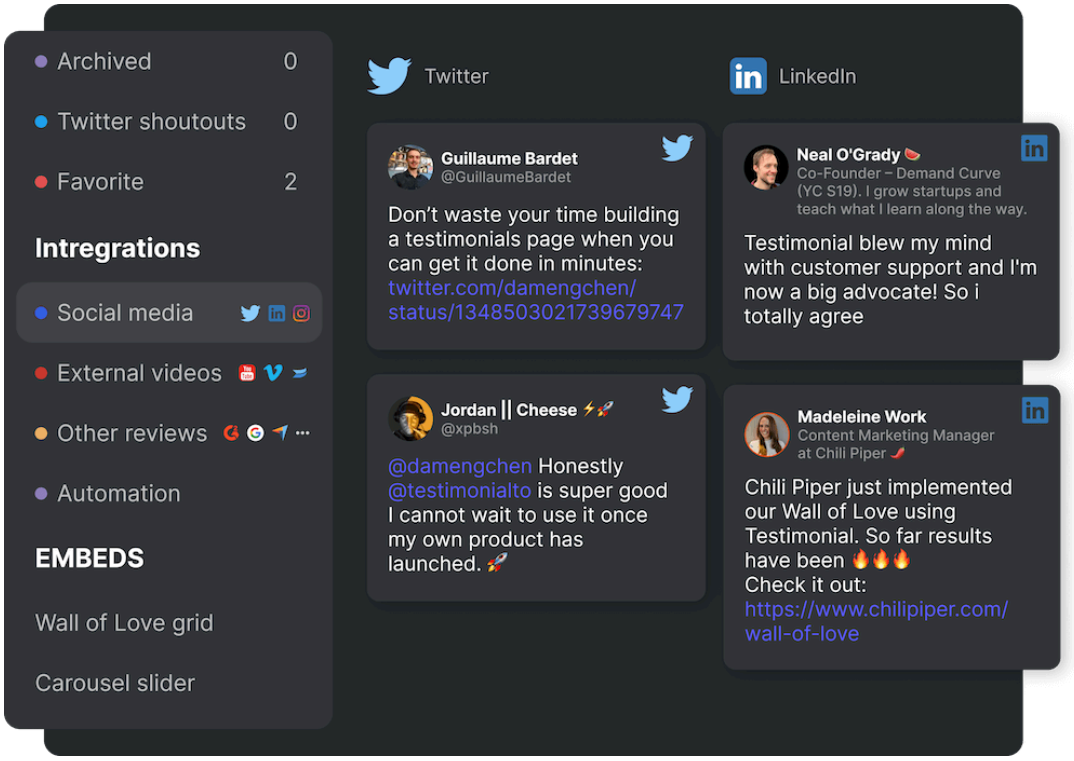
More social proof

Not only text and video testimonials

If you have testimonials on social media (e.g. Twitter, LinkedIn, TikTok etc), video hosting platforms (e.g. YouTube, Vimeo), and other review sites (e.g. G2, Google, Capterra, Yelp etc),

bring them all to your account. Testimonial helps you manage all your social proof in a single place!

Try it for free



Embed the Wall of Love

The best testimonials all in one place

Treat the Wall of Love as the place to showcase all your favorite testimonials. You can embed it to your website in under a minute. No coding knowledge required!

Embed a single video testimonial

Ad-free hosting for each video

For the video testimonial, you can embed it directly on your own website like this 👈. You don't need to use any 3rd-party Ad-free hosting service, e.g. Wistia, Vimeo.

★★★★★

We embedded Testimonial.to on the last page of our Prehireforms (candidates' skills assessment forms) and candidates' testimonials started coming in automatically! Testimonials collection is now automated and we don't need to ask customers or candidates to drop us testimonials anymore!

Kam Ling

Ready to collect testimonials?

We are loved by Fortune 500 companies, early-stage startups, marketing agencies, real estate agents, freelancers, and many more. Your customers' testimonials are the best social proof you can get! Get started now 👇
