Everything you need to leverage testimonials

We support all these features for you to collect and manage all testimonials. Features with the lock are only available for the paid plans.

Dedicated page

For each of your businesses, it will have a dedicated space page with a unique link. Your customers can directly go there to submit a text or a video testimonial.

Embeddable Wall of love

It's a page to show all your selected testimonials. You can even add the whole wall to your own site with an iframe embed code.

Dashboard page

You will have a dashboard page to manage all your spaces. You can add/update/remove the space as you want.

Video download

You will have the access to download the video in the MP4 format with its original resolution.

Video embed

One-line embed code is available for each video. You can paste it in any no-code platform. We take care of all hosting and streaming.

Your video message

You can add your own video in the space page. It's more personal and may help encourage customers send you their best shoutouts.

Custom domain

You can add the custom domain for each space. The link can be testimonial.your-product.com, or whatever you like.

Custom color

You can add a custom color for buttons to make it more fit into your own brand.

Dark or light theme
