OPPORTUNITIES FOR YOU

Offer a unique, dynamic service

Your clients need testimonials to drive more conversions for their business.

They understand the value of the social proof. Helping them collect, manage, embed testimonials is a no-brainer service they are eager to have!

Easy upsell

Recurring revenue

Your clients know getting testimonials is cruicial for their business. It's your job to help them get more!

Testimonials need to be maintained, hosted and updated, adding clear value to your service fee.

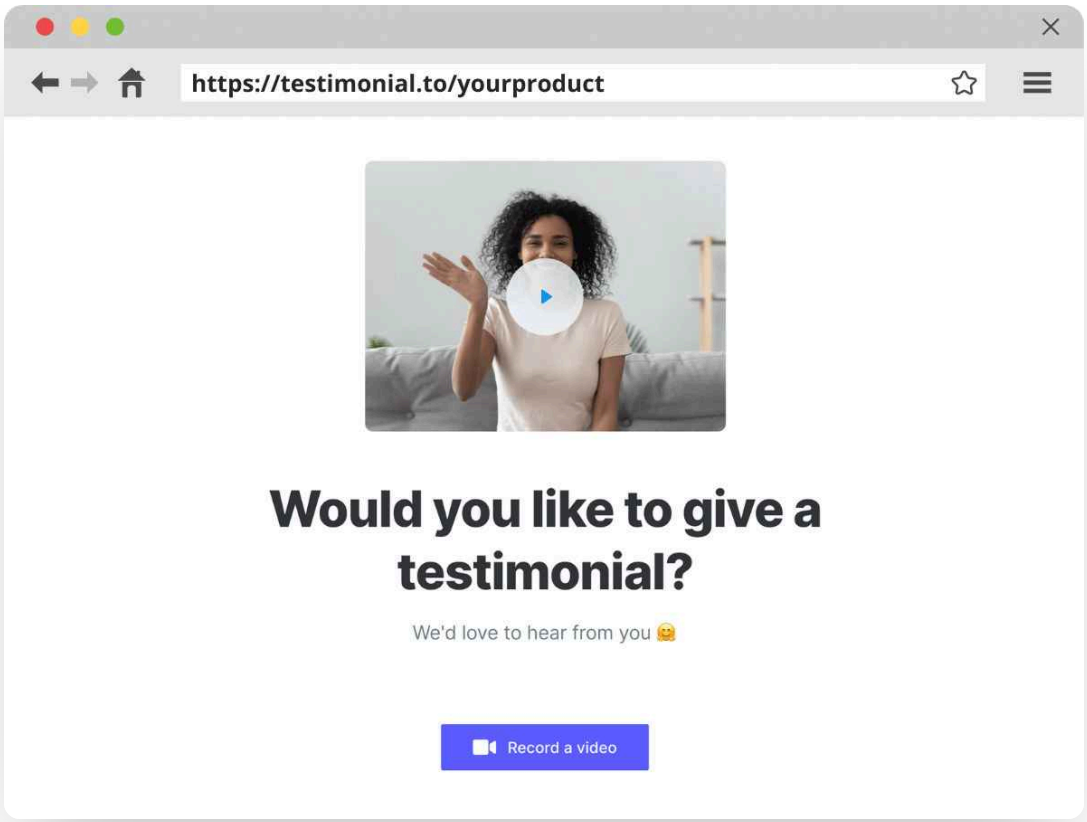
Competitive edge

Few agencies offer unique features like Testimonial. We help you stand out.

OUR SOLUTION

End-to-End, Customizable Setup

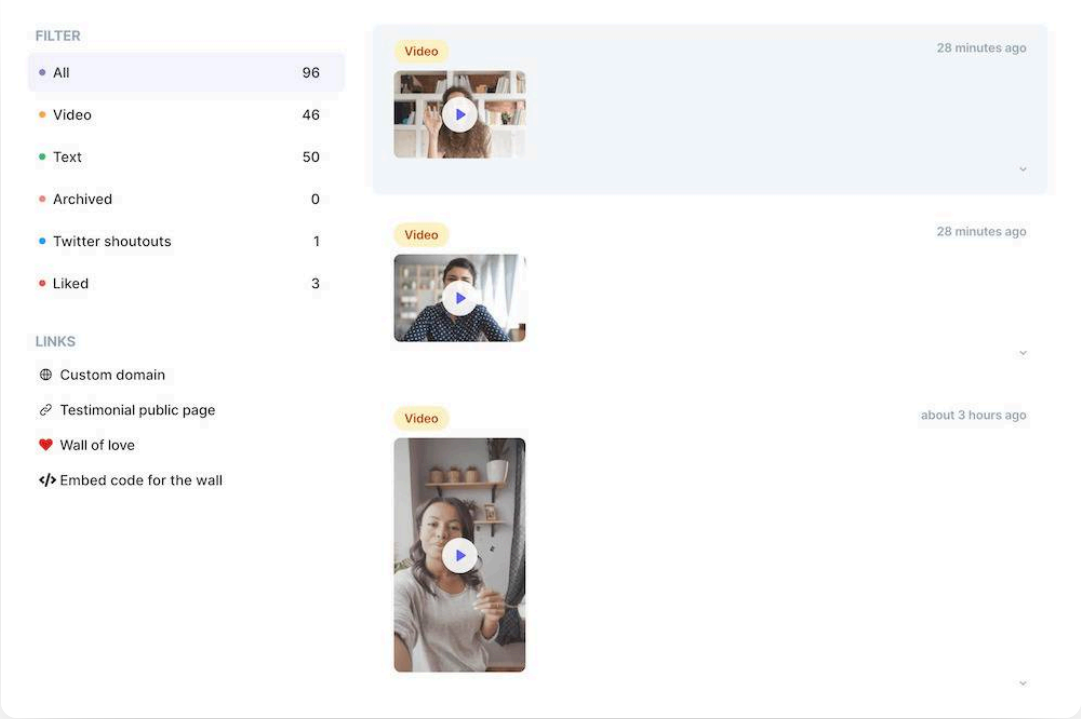
Testimonial offers an agency-dedicated plan to help grow your business. You will have the best platform you need to handle testimonial collection, easy to use for you, your clients, and theirs!



Quick to setup

Get a dedicated landing page in less than two minutes

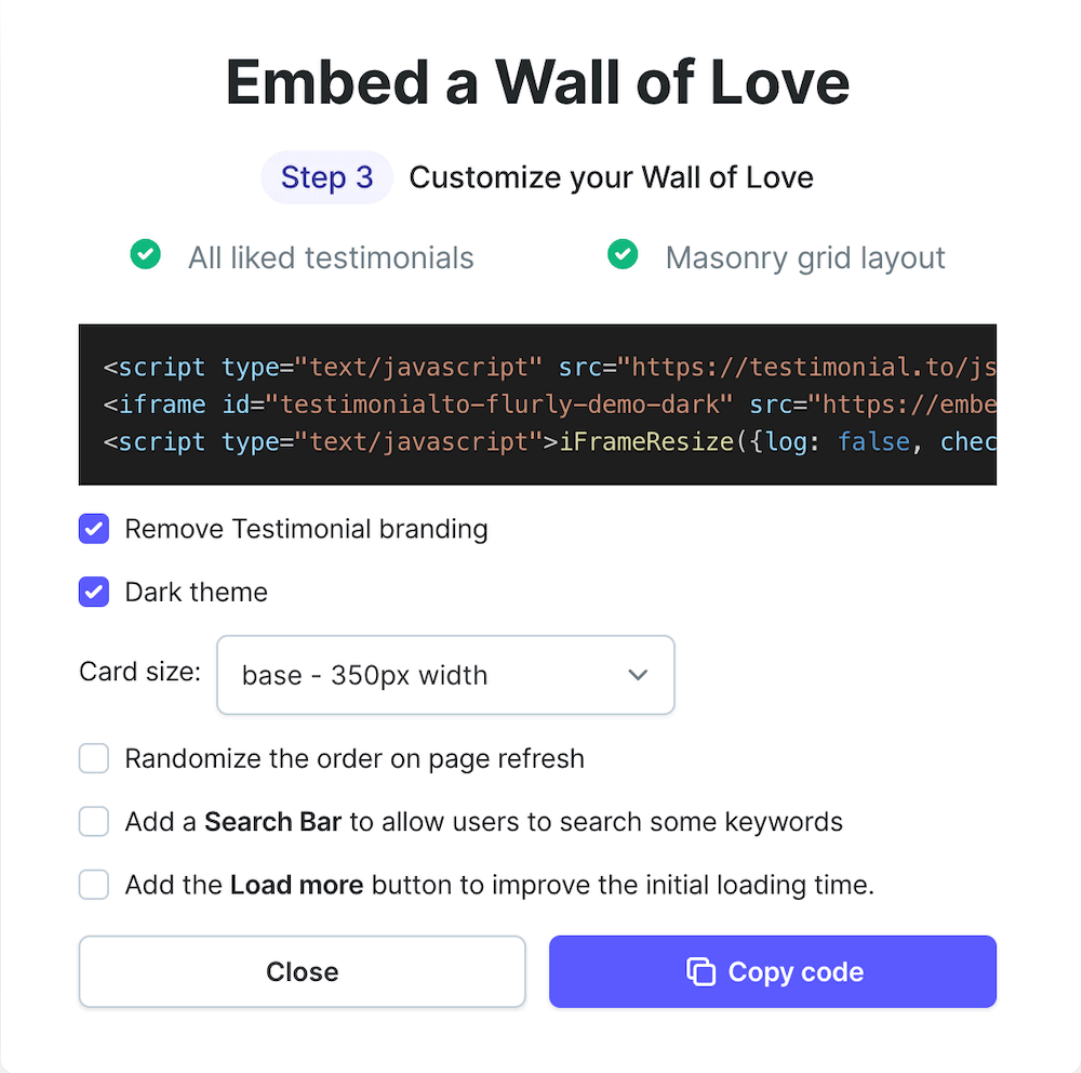
Create a Testimonial space for each client. It will generate a dedicated landing page with a unique link for collecting testimonials. Share the link easily via email, social media, or even SMS. Setup can be done in two minutes.



Easy to manage

Manage testimonials all in one place

Testimonial offers a simple dashboard to manage testimonials for each client in each space. Testimonials that got submitted will directly go into the space associated with that unique link. Each client has their own space, and will manage their own testimonial content.



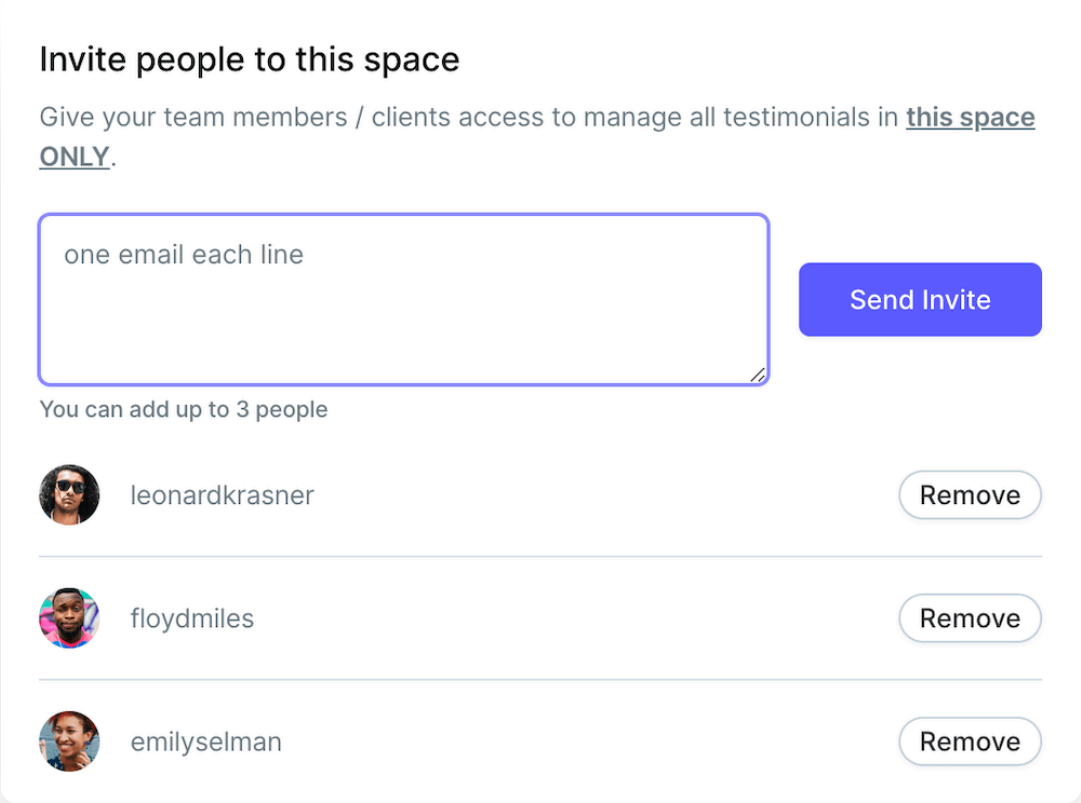
👉 Try our embed code for the wall of love

No-code integration

Integrate the Wall of Love with no code

With Testimonial, you can copy and paste our 3-line HTML code to add the Wall Of Love to your client's website in under a minute. No coding knowledge required!

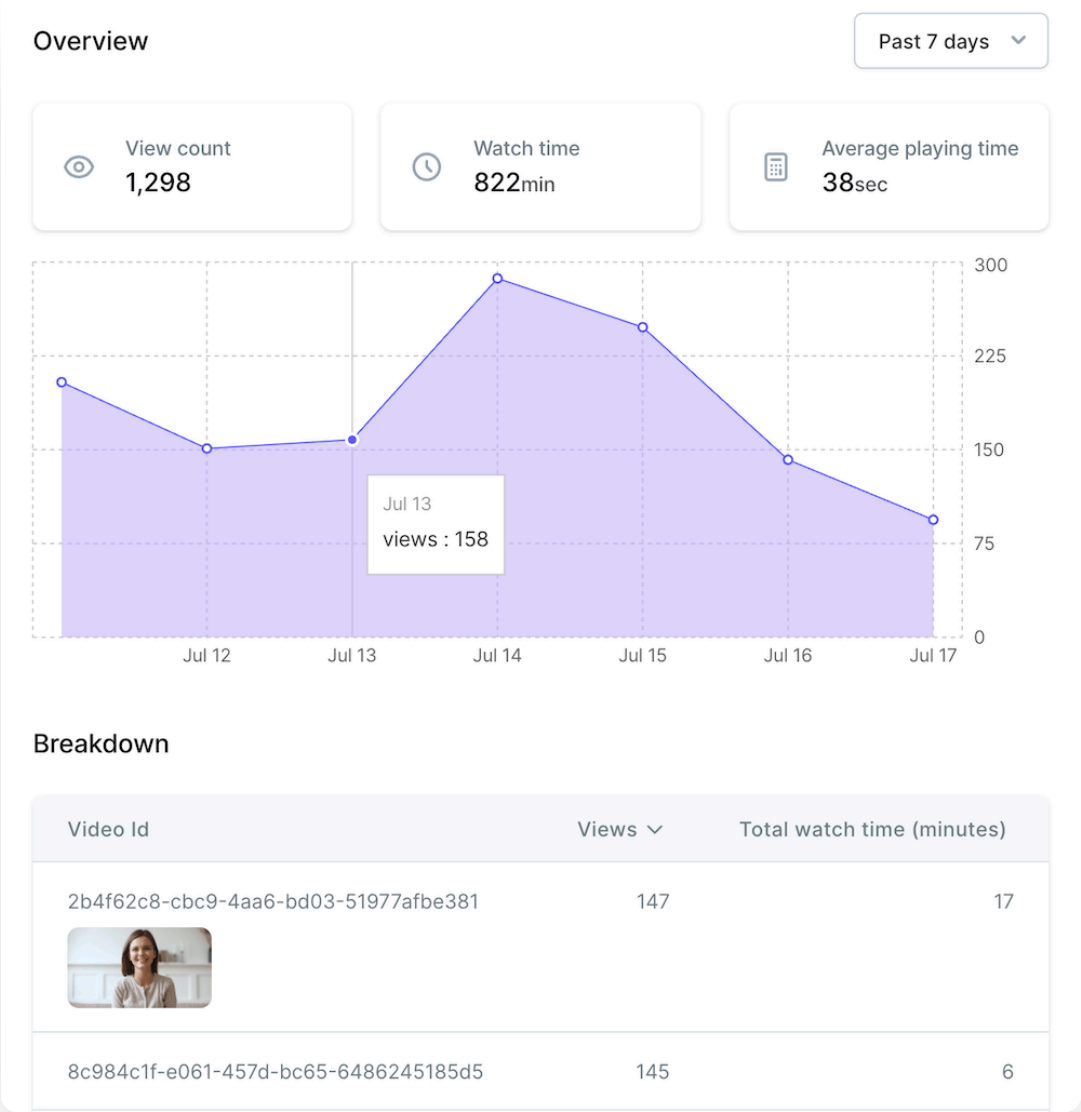
See our Integrations page ➡



Invite clients

Engage your clients fast

Share the space access with your clients. Let your clients review testimonials before they are published. It saves lots of back-and-forth conversations and will make sure both you and your clients are always on the same page!



Track the metrics

Understand how video testimonials are performing

Track the metrics from all embedded videos, helping you and your client understand the performance of all video testimonials at a glance. Based on the result, you can drag and drop the highest performing videos to the top of the Wall of Love.
